Issue: For the 2012 - 2013 school year, the Selection Committee nominates Jessica Shedd, 1302 NW 93rd St, Roosevelt High School, for the Des Moines School Employees Association Scholarship.

Superintendent's Recommendation: The superintendent recommends the board authorize payment of the scholarship award to the student nominated by the Des Moines School Employees Association Scholarship Committee.

Presenters: None

Background: Information about the scholarship: The Des Moines School Employees Association, established as a burial fund for its membership, disbanded in 1984 because the membership decreased to five members in good standing. After benefit payments were paid to the remaining members, the remaining assets of the Association, totaling \$15,000, were donated to the district and invested in a U.S. Treasury bond with a yield of 11.6 percent. The earnings from the bond provided funds for the payment of one scholarship payment in 1985 and two \$850 scholarship payments annually from 1986 to 2005. Because of a reduction in the earnings from the bond, starting with the 2005-2006 school year, the scholarship was reduced to payment of one award of \$500 to a district employee's child. The scholarship is non-renewable.

To qualify for the scholarship: (1) The applicant must be a graduating senior of a Des Moines Public Schools' high school. (2) The parent must be a current Des Moines Public Schools' employee who has worked for the district for two or more years. (3) The applicant must be an average or above-average student. (4) The applicant must attend school regularly. (5) The applicant must have selected a career goal. (6) Applicant's participation in both school and community activities will be rated by the selection committee. (7) The applicant may attend either a two-year or four-year, post-secondary institution of the student's choice. (8) Financial planning will be considered.

Applications are screened and selection of the recipient made by a committee consisting of (1) an Associate Superintendent or a designee, (2) the K-12 Counseling Coordinator, (3) the Director of Operations, (4) the Director of Food and Nutrition Management, and (5) the Administrative Assistant to the Superintendent.

Issue: Upgrade North High School's 1:1 Program for 2013-14.

Superintendent's Recommendation: The superintendent recommends the board approve the purchase agreement.

Presenters: None

Background: The plan for purchasing another year of insurance was denied by the State Department of Education stating that insurance was not an allowable expense. North High was left to pay for insurance with other funds. In addition, within the last two weeks the insurance company submitted a quote for insuring the laptops for the 2013-2014 school year, which will increase the cost from \$50,000 to \$200,000 per year.

As a result of this information, North High will move from a 1:1 Laptop Program to 1:1 Ipad Program. Reasons for moving to Ipads are listed below, but are not limited to:

- The Ipad is a natural progression from the laptops, we are just implementing the program sooner than originally expected
- This is the direction of the technology industry and education
- The Ipad maintains much of the functionality of the laptop, but also provides more versatility and personalized applications
- The Ipad is a true mobile device
- The Ipad has no moveable parts, thereby decreasing the probability and volume of breakage
- The Ipad is financially more cost effective
- Teacher management and communication is increased (interactive lessons, polls, viewing, etc)
